

What is Apprenticeship Maryland?

Apprenticeship Maryland is a youth apprenticeship program for students, ages 16 and up, that is designed to lead to sustainable employment and further education based on career pathways in manufacturing and Science, Technology, Engineering, and Mathematics (STEM) occupations.

Participating students start the program in the summer or fall of their junior or senior year in the program and will complete at least 450 hours of paid work-based training under the supervision of an eligible employer and at least one year of related instruction.

How did this program begin?

This program was initiated by Maryland House Bill 1207. This legislation established a Youth Apprenticeship Advisory Committee in the Division of Labor and Industry. Members of this advisory committee include representatives from the Department of Business & Economic Development (DBED), Maryland State Department of Education (MSDE), Department of Labor, Licensing and Regulation (DLLR), industry, a community college, Maryland Chamber of Commerce, and other stakeholders.

Maryland House Bill 942 established a youth apprenticeship pilot program in which two Maryland public school districts, one rural and one urban, which began in the summer of 2016. The pilot sites are Frederick County and Washington County.

What is the goal?

The goal of Apprenticeship Maryland is to create compensated, high quality youth apprenticeships that prepare students to enter employment in high-skilled, high growth sectors in manufacturing and STEM occupations such as healthcare, biotechnology, information technology, construction and design, and banking and financing.
